Two days of Madness

THE BIG SHOW

Today we had the amazing CHESTER MADNESS BIG SHOW!!! We were at Apollo Theater and there were a lot of wonderful performances! Students and teachers performed together and there were also instructors acts! The most phenomenal thing was that we only had two days of practice and Chester created the whole show in a couple of minutes in his head. Calle was the big star of the show and he sang for us with his amazing band, Catrine on the drums and Åsa on the Horn!!!

Instructors Performance

For these amazing performances we had Emma and Nanda making 50's hairstyles and braids, covering people with porpurine and making them even prettier!

Then we took out the chairs and had an amazing social dance at Apollo Theater with everybody!

Sean created a new type of ice cream, called Snow cream! And Chester approved! You should try!

After this awesome party, we had to clean everything, so we would like to thank everybody that helped with cleaning Apollo Theater!

Hope you all enjoyed this newsletter and see you in the next one!!!
